

Comparisons Will Prove Values

Compare the Natural Advantages of

Okeechobee City

With Any Other City or Town on the East Coast

Your business judgment will convince you there is every reason for Okeechobee City becoming the Chicago of the South.

Two trunk line railways—the Florida East Coast, north to Daytona and Jacksonville and under construction south to Miami, and the Seaboard Air Line, east to West Palm Beach and west to Tampa and St. Petersburg.

The western terminus of the Famous Conners Highway, connecting with State Highway No. 8, forming the Cross-State Auto Route between the East Coast, the scenic highlands section and the West Coast, making

OKEECHOBEE CITY

the hub of the wheel of progress—the city of opportunity. Nine years old, beautifully laid out, paved streets, electric lights, the best and purest water in the state, sewerage, high and dry. Splendid schools, churches of all denominations. At the northern end of Lake Okeechobee, the largest body of fresh water wholly within the United States except Lake Michigan, offering boating, bathing and fishing. Surrounded by the famous muck and loam soils the most fertile lands in America, producing winter vegetables and garden truck the year round.

Over 2,000 lots to select from, at lower prices than is asked for property with nothing like these advantages.
