50 PERCENT OF GRAPEFRUIT IN POLK DESTROYED

Walker Says More Than 1,500,000 Boxes Gone

(Continued from Page 1)

In addition to the loss of fruit, Walker said, the damage to the trees is very extensive.

Walker said that the trees show the signs of a severe attack of the disease.

CITRUS LOSSES LARGE IN ORANGE AND LAKE COUNTIES

Orange County, Walker's home county, is the hardest hit, the losses in Lake County, he said, are next in severity.

Walker said that the disease was brought to the county by a shipment of the trees from Florida.

He said that the disease is very destructive to the trees and that the fruit is not worth picking.

He said that the disease was brought to the county by a shipment of trees from Florida.

He said that the disease is very destructive to the trees and that the fruit is not worth picking.

He said that the disease was brought to the county by a shipment of trees from Florida.
