DEALS WITH PYRAMID

Rev. F. Dorset Links Up Egyp-

tian History With That of

Easter Isles.

SPECIAL TO THE HERALD
MELBOURNE, Fla., April 7.—The

Rev. Dr. F. W. B. Dorset, F. R. G. S.,

spoke before the Study club in Melbourne Beach, saying: "No lecture on

the pyramids can be of interest at this

time without some mention of Tut-

Ankh-Amen. New light on both re-

Ankh-Amen. New light on both religion and science may be expected
whon the secrets of King Tut's tomb
are fully revealed, which will not be
within five years.

"King Tut died about 3400 B. C., and
was quite young at the time of his
death. The youthful appearance of the
statues and portraiture and the cloth-

ing identified as his seem to bear this out. It fits in with the very uncertain but brief chronology of this obscure

The Great Pyramid.

"In a former lexiure I spoke of the knowledge of earthquakes which the prehistoric people possessed, and their wisdom in building the Great Pyramid Jeo.eh in 22:58:51 N. Lat. and 31:5:1 E. Long, the geographical center of

the earth, where carthquakes are unknown. I now mention the Easter. Isles' to illustrate.

"The Easter Isles.

"The Easter Isles in mid-Pacific, located about 2,366 miles from the south-

est coast of South America, in 27:6

S. Lat. and 109:17 W. Long., present the feature of the remaining peaks of the mountains of a submerged conti-

the mountains of a submerged conti-ment, for the reason that these beaks are thickly studded with cyclopean statues, some of which exceed 27 feet in height, remnants of the civilization of a cultivated people, who must have of necessity occupied a widely extend-ed area. On the backs of these images
