

## Fort Bassinger—Townsite and Subdivision

Monday, September, 21, Marks an Epoch in the Annals of  
Florida Real Estate History

FORT BASSINGER GOES ON THE MARKET

# FORT BASSINGER

Issues its initial call to big Calibre operators, wise realty dealers, syndicates and brokers. Monday, September 21st, is the opening date.

LOCATION, PRICES and VALUE are CARDINAL requisites to any wise and judicious real estate investment. FORT BASSINGER has these essentials—its 2,680 acres are within close proximity to the ALLENTOWN, OKEECHOBEE and CURTISS-BRIGHT DEVELOPMENTS. Enjoying all the commercial advantages of railroad facilities, it has in addition to this valuable trade attribute, a number of important highways threading their course throughout the extent of its boundaries and crossing it in several directions. The road from Okeechobee to Sebring, which is nearing completion, winds through the center of this property. FORT BASSINGER is destined by every law of strategic location to be the scene of unusual future activity and development.

*"Dame Nature," with each charm of her bewitching manner and bountiful generosity, has bestowed her most gracious smile upon the FERTILE, HIGH PINE LANDS of FORT BASSINGER.*
