General Upward Revision of Tariffs Forecast By Smoot.

[BY THE ASSOCIATED PRESS.]

President-elect Hoover yesterday decided to spend two days late next week inspecting the flood-swept Okeechobee district of southern Florida and to attend the birthday dinner in honor of his friend, Thomas A. Edison, at the inventor's winter estate at Fort Myers Monday.

The announcement of his visit to the Okeechobee region was made yesterday after Mr. Hoover had discussed with Glenn B. Skipper, Republican national chairman from Florida, the recent floods, farm tariffs and other Florida problems. At the same time Mr. Hoover began

series of conversations with Senator Smoot of Utah, chairman of the senate finance committee, who is him house guest for this week and who predicted a general upward revision of the tariff at the extra session of the new congress in the spring and no more tax reduction for some years

The next president declined to ither confirm or deny widely pubished reports that Henry L. Stimson, governor general of the Philippines, who is sailing for the United States, had been tendered and had accepted appointment as secretary of the state in the Hoover administration.

The position of Mr. Hoover was stated to be that if he began talking about the scores of published suggestions as to who is to form his official family he would be busy do-ing so during his Florida vacation. He is content to let the suggestions so and to announce his cabinet to the senate on March 4.

Renewed reports that Dr. Ray Lyman Wilbur, president of Stanford University, would be secretary of the interior were heard from visitors to Hoover headquarters. Dr. Wilbur, it was stated, had obtained a two years' leave of absence from the university of which Mr. Hoover is a trustee.

Another rumor was that it was not at all certain that William M. Jardine would be renamed as secretary of agriculture, although a number of farm organization leaders favor his retention on the ground that he knows the a capable administrator.

early in the day from Washington, the president-elect received several callers and conferred at length with Dr. Hubert Work, chairman of the Republican national committee, who
