CLEARWATER BOARD OF TRADE PRESIDENT A PNEUMONIA VICTIM

CLEARWATER, Feb. 11.—(Special.)—A leading citizen of Clearwater passed away when Rob Roy Stewart died at 1:30 p. m. Sunday. Mr. Stewart had been ill one week. Physicians attending him had given up all hope for his recovery on Saturday night. Mr. Stewart was born thirty-two years ago, in Pontiac, Mich. He is survived by a widow, who has also been very sick, and a daughter. The father and mother of Mr. Stewart, one brother and two sisters, who live in Michigan, were informed of the serious nature of the illness, and Mr. Stewart, Sr., is expected to arrive tonight, to make arrangements for the funeral. R. R. Stewart had been in business in Clearwater for ten years, and owned a successful drug and hardware store in the Faggett building. He was president of the board of trade, took active part in the Red Cross and other campaigns for raising money during the world war, and his death is a great loss to the community. All members of Company D, Pinellas Guards, and the local chapter of the Red Cross will attend the funeral in a body.

Hudson Stolen—Sheriff Whitehurst received a phone message from St. Petersburg at 10 o'clock last night to the effect that a Hudson Super-Six touring car had been stolen from a citizen of the Sunshine City, and had been seen going towards Clearwater. Before the police here were notified, an automobile answering the description—one without an opening in the back of the top, went through town, on Fort Harrison avenue, at great speed. No further trace of the car has been found by the local officers.

"Seen' Things At Night"

TO MOTHERS! Guard your kiddies against torpid liver, sour stomach, constipated bowels which generate poisons. These "inside" poisons circulate to the brain, producing bad dreams, then a feverish head. Unless you "work" out these poisons you will have a real sick youngster shortly. Cascarets are a candy cathartic, ideal for children. Cost only 10 cents a box. Read below!

Children love Cascarets because they taste like candy. When your child has a white tongue, feverish breath, foul stomach, give Cascarets anytime to "work" the nasty bile, souring food and bowel poison from the clogged-up places. You needn't coax even cross, sick children to take these harmless candy "Cascarets." They never gripe—never injure. Cascarets never disappoint the worried mother. Each 10 cent box contains directions and dose for children aged one year old and upwards.

Social Personals

Miss Dorothy McIntosh of Jacksonville is the guest for some time of Miss Susie Mae Bonasley on Forest avenue. Miss Ruth Kerr has returned from Lakeland, where she spent the week-end with her friend, Miss Myrtle McRae. Mrs. Hampton S. Genovar of Jacksonville is a guest at the home of Mr. and Mrs. H. Harrison, Cardy street, for several weeks. Mr. and Mrs. Leo Johnson have returned from a very pleasant trip to northern points, where they spent a month combining business and pleasure. Mrs. Lonnie Hancock left yesterday for Jacksonville, where she was called to attend her sister, Miss Fleecy Eichelbarger, who is very ill with pneumonia. Mr. and Mrs. Charles H. Stoune spent the week-end in Clearwater, where they were the guests of Mr. Stoune's father, Mr. Isadore Stoune, South Fort Harrison avenue. Mrs. N. H. Harrison, who has been ill with typhoid fever at her home on Cedar street for the past three weeks, has sufficiently recovered to be able to sit up and see her friends. Mrs. C. T. Pilehor of Huntington, W. Va., has arrived and the remainder of the winter with her son, Fred E. Pilehor, and family at their home, No. 112 North Broadway avenue. Miss Grace Faircloth and Mrs. W. E. Canady of Dothan, Ala., are in the city, visiting their brother and sister-in-law, Mr. and Mrs. Charles A. Faircloth, No. 818 South Willow avenue. Miss Beatrice Clark of Philadelphia, daughter of H. Clark, is the attractive guest of Mr. and Mrs. Leo Johnson at their home, No. 906 South Roma avenue, for the remainder of the winter. Miss Pauline Filsh has returned to Tampa after spending a week in Clearwater, the guest of Miss Virginia Turndash, who was accompanied home by Miss Harriet Jernigan of St. Leo, who will spend a few weeks with her. Mr. and Mrs. Frank B. Llaner and Mr. and Mrs. Frank Jordan of Indianapolis, Ind., who are spending the winter in Tampa, visited West Palm Beach yesterday and will be the guest of Mrs. W. A. Dutch for several days.

Meetings

Ladies Aid—The Ladies Aid of the First Christian church will meet Friday at 3 p. m. at the church. All members are requested to be present. Rummage Sale—Gate City Grove, No. 2, will have a rummage sale Saturday all day. Those having articles to donate are requested to phone Mrs. Mary Kane, No. 73-349. Board of Managers—The board of the Orange Home will meet today at 3 p. m. at the home. Junior Daughters of the King—The Junior Daughters of the King will meet at St. Andrew's church, Thursday, Feb. 13. This will be a meeting of greatest importance, and members are urged to be present.

ALVA

ALVA, Feb. 11.—Rev. T. J. Christian has returned to his home at Livingston, Ga. Very helpful meetings have been held under direction of the pastor, Rev. J. W. Austin, assisted by Revs. H. C. and T. J. Christian of Georgia. Mr. and Mrs. George Wertz of Fort Myers, accompanied by the sister of Mrs. Wertz, Mrs. Leonard, from Houston, Tex., and Mrs. W. C. Watkins are in Alva. Mr. and Mrs. W. C. Watkins are entertaining the sister and brother-in-law of our soldier boys, Mr. and Mrs. Croft, of Millwaukee, Wis., and Mrs. Croft recently spent several days in Fort Yers. W. T. Dodd has been appointed notary public. A well attended meeting in the interest of the "B" movement, was held at the auditorium Friday evening and was addressed by Mr. Spencer from the University of Florida at Gainesville, and Miss Webster of Tallahassee. John Boring, county agent, also spoke and urged the importance of good exhibits at the Tampa and Leo county fairs. Bad news has been received from some of our soldier boys. A wire recently announced the fact that Babe Wilkinson, who formerly lived in Alva, was killed in France. A letter from Hampton Wade, who was seriously wounded November 11, 1918, was written from a base hospital in France, of which he is still an inmate with no prospect of a change at present. Allyn C. Hoyte, recently discharged from Camp Johnston, has been ill there and at Tampa. V. F. Hoyte of 1918 graduate from the Alva high school, has a responsible position in the United States navy, and is now running from Jacksonville to River Junction, Fla. He took his first quarterly examination February 1 and reached the high mark. He is a very good student and a good recommendation for good work done in the junior high. Mr. and Mrs. Dillon spent three days on a pleasant motor trip to Lake High-pocoo this week.

FLYERS DO STUNTS AT ST. PETERSBURG

LOOP-THE-LOOP 6,000 FEET UP IN AIR John Wanamaker Visits St. Petersburg and Attends Church—Tug Hits Drawbridge

ST. PETERSBURG, Feb. 10.—(Special.)—Every kind of stunt known to flying was performed here shortly after noon Monday. In a Curtiss army plane piloted by Lieut. Fred Austin of the Arcadia flying field. With him was Lieutenant Monahan, also from Arcadia. At a height of 6,000 feet they looped-the-loop, did side-slips, all kinds of spins and other daring stunts. The machine then landed and a short time later the three planes, which came here Saturday from Arcadia, got into the air and headed for home. Several planes are expected to come here next Saturday and this is to be a regular week-end station for the flyers who are given leave over Sunday. A landing place will be provided on Euclid boulevard waterfront not being regarded as suitable on account of sand.

City Engineer Sullivan of Tampa was here today to survey the much discussed water lot at the front of Second avenue. He was asked to confirm the description given by the city in the deed that has been drawn and it is hoped that this survey will be the last step in the row over the lot. Col. G. W. Moses, commanding the 100th Infantry and Twenty-fourth Infantry, has been awarded the French war cross for conspicuous gallantry in action. He is the son of the Rev. Matthew Moses of this city and his wife and family are now living here. To enforce the city ordinance requiring automobiles to be parked on the east side of streets and the south side of streets, two men were taken yesterday afternoon and the owners of the cars fined in court today. These are the first fines for this offense. There was a jam of cars in First street near the landing place for airplanes and Chief Easters had a hard time keeping the street open. The two men arrested went to jail and the car was impounded on the wrong side of the street.

The Hudson car owned by W. G. Brownlee was taken by joyriders from the front of the Methodist church last night and after being driven twenty miles was abandoned on West Central avenue where the police found it about 11 o'clock last night. The car was not damaged.

Wanamaker at St. Petersburg—John Wanamaker, the famous Philadelphia merchant, arrived on board his houseboat Gaddy, arrived here Sunday and attended church. The boat went ashore on the flats on the south side Saturday night and will be held until high tide Sunday morning, which was the reason Mr. Wanamaker arrived here Sunday.

John Ringling's fine yacht Vedofina II was also in the basin for a short time Sunday. Mr. Ringling's captain and the captain of the Gaddy had an argument over the use of the pier in the basin, the Gaddy's command being to go to the other yacht being tied up alongside him. Mr. Ringling left here angry and sore and put out for Sarasota. Four Shandis has returned to St. Petersburg, having been discharged from the army. He was in France for three months in a trench mortar company, but did not see any action. He is a well known here having been employed by the St. Petersburg Steam Laundry for several years before entering the army. He has resumed his place with the laundry.

Automobiles owned and driven by Harry C. Case and Capt. L. H. Strum collided in the west end of Lake Wales on the high school building and both cars were considerably damaged. The windshield of Mr. Case, about the hands, but pieces did not fall. The car of Capt. Strum was damaged about the hands, but the injuries were not serious. Each driver blamed the other for the accident.

Two auto winter visitors who drove over here from Miami were the resting place last night for the owners and those with them. The party arrived here at 11 o'clock and the car could be found at that late an hour so the whole party slept in the automobiles and this morning went hunting rooms and four rooms in the new hotel. The St. Petersburg Times has asked for contributions to a fund to send an exhibit from the state to the exposition at the local schools to the South Florida Fair in Tampa, and hopes to get \$100 before next Friday when the subscription closes. The exhibit is very anxious to have a display of the models of airplanes made by the pupils. One airplane model flew 1,000 feet which is regarded as a record for such thing in Florida.

Tug Hits Drawbridge—The bay tug Silver City, belonging to the Tampa Bay Tug Company, towing two barges, hit the drawbridge in the Noadup bridge Saturday night and did about \$300 damage. Traffic on the bridge was interrupted for two hours, but the damage was not serious. The tug and the people attending the dance on the island got home about as soon as they expected. The bridge was all right yesterday and the tug will be back in the resort was heavy. The local fishermen were called to the bridge, which was on the island. Mr. McNulty made the run on the bridge. Mr. McNulty is a Pennsylvanian, has bought from C. M. Roser a new home near completion on Eighth avenue south near Ninth street and is now in the city. Mr. McNulty is a Pennsylvanian, has bought from C. M. Roser a new home near completion on Eighth avenue south near Ninth street and is now in the city. Mr. McNulty is a Pennsylvanian, has bought from C. M. Roser a new home near completion on Eighth avenue south near Ninth street and is now in the city.

CAPTIVA—Captiva is quite a lovely place at present. All the boys of the Snyder Outdoor School, Mr. Snyder has the largest school that he has ever had, with prospects for more. Mr. Lane and wife, Miss Myrtle, accompanied by a friend, Mrs. Harford of Hartford, Conn., arrived to spend the remainder of the winter at Mrs. Lane's pleasant cottage. There many friends are pleased to see them again. Captiva has been having unusually rainy weather for this time of the year. It makes the water very muddy, but those who have gardens welcome the rain. Mr. Foley of Cincinnati, O., is building a new house at Bethelwood. His family has just lately moved in. The approaches to the bridge between Sanibel and Captiva have been completed and the bridge is now open for use. A ferry between Punta Rasa and Sanibel will soon be completed. Mr. and Mrs. Littlejohn and children have arrived in the city. They are accompanied by their parents, Mr. and Mrs. Thompson, who have a winter home here. E. P. Knowles has finished picking his grapes and is now in the city. Carter Brothers have had their fruit shipped. There has been quite a loss from the fruit dropping off the trees.

An Inside Bath Makes You Look and Feel Fresh

Says a glass of hot water with phosphate before breakfast keeps illness away.

Physicians the world over recommend the inside bath, claiming this is of vastly more importance than outside cleanliness, because the skin pores do not absorb impurities into the blood, causing ill health, while the pores in the ten yards of bowels do.

Men and women are urged to drink each morning before breakfast a glass of hot water with a teaspoonful of limestone phosphate in it, as a harmless means of getting rid of the poisons from the stomach, liver, kidneys and bowels the previous day's indigestible material, poisons, sour bile and toxins; thus cleansing, sweetening and purifying the entire monetary canal before putting more food into the stomach.

Those who wake up with bad breath, coated tongue, nasal catarrh, a heavy, aching head, pale complexion, indigestion, stomach; others who are subject to bilious attacks or constipation, should obtain a quarter pound of limestone phosphate the drug store. This will cost very little, but is sufficient to demonstrate the value of inside bathing.—Adv.

OKEECHOBEE

OKEECHOBEE, Feb. 11.—Miss Hilda Kogal of Okeechobee, teacher of the seventh grade in the Okeechobee public school, spent the week-end with her parents at home. W. Wynn of Fort Drum was in town on business this week. Mr. and Mrs. George Notberg of New York City are visiting their uncle, Mr. and Mrs. R. Schlessinger, of this city. Mr. and Mrs. C. L. Wiley of North Manchester, Ind., are spending several weeks with Mr. and Mrs. H. L. Buck on the lake. Mr. and Mrs. A. C. Koffet of Palm Beach spent the week-end in Okeechobee. J. R. Culpepper of Americus, Ga., is spending the winter with his niece, Mrs. Ed. Clements. M. E. and Glenn B. Skipper of Bartow were in town this week attending the meeting of the Kissimmee Prairie Cattlemen's Association.

D. E. Clarke, roadmaster of the F. E. C. railway of St. Augustine, was in town this week looking after repair work on this branch. Ernest Portelout of Moore Haven was transacting business in town several days this past week. Matt. C. Lewis of Lake Worth spent several days in town last week. Robert Leigh of Coleman is visiting his cousin, Miss Nellie Hill, one of the teachers in the high school here. The work room of the local chapter of the Red Cross was moved into their new quarters in the telephone building Friday. The rooms vacated in the court house will be used by J. H. Walker for the tax assessor's office.

L. Franz of Okaloosa is spending several days in Okeechobee attending to a large shipment of supplies and farm articles which is being sent from the city docks here across the lake to his farm. Mr. and Mrs. R. F. King of Pahokee passed through here on Thursday, returning from an extended visit to Sanford. A meeting of the farmers of Okeechobee was held at the court house Friday in response to a call of county agent E. B. Davis. The meeting was addressed by Mr. G. L. Herrington of the State College of Agriculture, and Miss Lucy Cushman, home owner of this city, who acted as secretary. A committee was appointed to investigate cost and location of a cannery with a view of establishing one in Okeechobee. The committee will also look into the possibility of shipping milk and vegetables every year on account of the inability to shipping many kinds.

EAST LAKE

EAST LAKE, Feb. 11.—Thursday the first afternoon tea of the season was given at the club house, Mrs. Walter E. Lee acting as hostess. Mrs. Lee and her family were in town to try a law case in which he is counsel. He is expected back soon. Dr. Lena Diemar of Boston has arrived here to take charge of the remainder of the winter with Mrs. F. M. Hall. Miss Diemar is taking a needed rest from an extensive medical practice and expects to take other parts of Florida while in the south. Mrs. Annie Martin has been spending a few days at her home, but has now returned to Ocala. While here she was visited by her daughter, Mrs. D. S. Woodrow, and a friend from Ocala. Mrs. Woodrow is a business woman from Station University for the week-end, bringing a college friend with her. A fishing party of six ambitious pleasure croppers crossed the west end of Lake Wales in motor launch Tuesday, and then, like the famous king of France who marched into Spain, came back again—safely. It is understood that the boat drew no more water when it came back than when it went over.

Mrs. William E. Miller, of Ocala, spent the week-end with her daughter, Mrs. Walter R. Lee. Mr. and Mrs. Hayes Charles, of Warsaw, N. C., who have been spending the winter in Ocala, returned to Miami, arrived in town Wednesday and have rented the Carter cottage, on Depot street. They spent the winter here last year. Walter R. Lee, of the Eastlake Investment Company, returned Wednesday from a business trip to New York. With him came his brother, Lyndon Lee, who will remain here several weeks. J. E. Bailey and family, of Ocala, spent the week-end with Mrs. Minnie B. Reed. N. H. DeLano, who has been sick for the past week, is able to be up.

DIPPING CATTLE AT CRYSTAL SPRINGS—CRYSTAL SPRINGS, Feb. 11.—The cattle dipping yard recently built here by the Crystal Springs Colony Company was put into service for the first time last night. George H. Newberry, owner of Plant City, who recently bought a large number of range cattle from D. C. Crum, had a herd driven here for dipping. While the dipping was in progress has not yet been put into operation.

LADIES! LOOK YOUNG, DARKEN GRAY HAIR Use Grandma's Sage Tea and Sulphur recipe and nobody can tell. Brush it through hair

Gray hair, however handsome, denotes advancing age. We all know the advantage of using a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.—Adv.

Wildor & Brother, it is understood, intend to continue systematic, periodical dipping, with an effort to get this range tick free as soon as possible and also to improve the condition of their cattle. This is now charged with the proper solution and is ready for use by anyone having cattle to dip. The intention being to make it an institution for general use by cattle owners in this locality.

Centenary of American Methodist Missions

The entire world is in a state of ferment and change. Old faiths, old codes of conduct, old laws are relaxed. The people of the world are now willing to accept new ideas and ideals than ever before since the beginning of the Christian era. This is a time of opportunity and of crisis for the Christian church. The paramount need for the process of re-education, which is a truly Christian program for nations and for individuals. The church which fails to answer to the tests of this hour, and fails to meet the world's need, must suffer the penalties of diminishing leadership. Christ alone can save. The rebuilding of the church is a task which has been laid upon us. The Centenary of American Methodist Missions is a program of organized Christianity to insure the continuance of the fruits of a victory at arms.

The rural life of the United States, which once centered in the rural church, and found its leadership there, has suffered an alarming decline. It is a sad and easy-going respectability among many professing Christians has replaced an unwavering Christian conviction born of conversion to Christ, and nourished by daily prayer and sacrificial living.

The Centenary World Program is a plan for lining up the resources of Methodism to establish American democracy on the foundations of the Gospel of Jesus Christ. Prayer—The first part of the program is to get all members of the church joined together in a fellowship of the Holy Spirit. These are the objects: That all the leaders of the campaign may be chosen of God and empowered for service. That the plans may be inaugurated and carried through in obedience to the will of God.

How Some Churches Are Starting It—Rev. Mr. Rice, of Punta Gorda, spoke as follows from his pulpit last Sunday: The Centenary Movement has as its goal four big objects. First, a great spiritual awakening throughout the whole North American continent. Just as the big guns on the western front always preceded the dash of the American boys, bursting forth in a cyclone of fire and steel, tearing up entanglements and announcing that the Yanks are going over the top, so the first task of the church is to start a spiritual warfare. A great army of men and women to send up to God Almighty, united position for His help and power in reaching the world with the story of Christianity. Second, we must have an army of workers to advance behind this banner of prayer. The Southern Methodist Church alone needs three hundred men and women. We need doctors, nurses, teachers and preachers, and these must be men and women of the very highest education and Christian refinement.

Our boys used to attack at day-break. Now a new day of great opportunities is breaking. The nations of earth are standing in the sunlight of this new morning with their weapons at their feet and it is time for us to go forward with the great message of Christ to a bleeding humanity. Third,

there will be a great effort to bring about a revival in the Sunday schools of our land. Every man, woman and child who is not in some Sunday school will be visited and urged to enroll in some Sunday school. There will also be a gigantic educational program along the lines of missions in the schools as well as in the other departments of the church work. Fourth, the fourth great objective will be the raising of \$100,000 for advancing the work proposed in the next five years in mission fields.

Editor Centenary Commission, Fort Meade, Fla.

SAN SARA

SAN SARA, Feb. 11.—J. F. Martin and Mrs. Mahoney have had their cane made into syrup at Mr. Garrison's mill in Holdwater. Mrs. Bittor of Dunedin was a recent visitor at the home of Mrs. Mahoney. Gardens are growing nicely in this section despite the continued wet weather. S. S. Saunders was a Tampa visitor Thursday. Miss Janie Martin remained in Clearwater Wednesday night the guest of friends to attend the movies. Phil Martin left Monday morning for Dunedin on a business trip. George S. Holmes and S. S. Saunders came out Monday afternoon from Dunedin to move the launch "Sterling" to the drydock. Mr. and Mrs. Berry Fulford and children drove out from Millwaukee grove,

TAKES OUT THE KINKS

Colored folks may easily have straight, soft hair by simply applying Plough's Hair Dressing and in a short time all your kinky, curly hair will become soft, smooth, straight, long and easily handled, brushed or combed. Plough's Hair Dressing is the best for the hair. It is made for you for money than any other hair dressing. 25c per bottle. AGENTS WANTED. PLOUGH CHEMICAL CO., Minneapolis, Tenn.

THIN, NERVOUS PEOPLE NEED BITRO-PHOSPHATE

Guaranteed to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force

Weak, thin people—men or women—are nearly always nervous wrecks; thus conclusively proving that thinness, weakness, ability and neurasthenia are almost invariably due to nerve starvation. Feed your nerves and all these symptoms due to nerve starvation will disappear in a few weeks. Eminent specialists state that the best nerve food is an organic phosphate known among druggists as Bitro-Phosphate, a five-grain tablet of which should be taken with each meal. Being a genuine nerve builder and not a stimulant or habit-forming drug, Bitro-Phosphate can be safely taken by the weakest and most delicate sufferer, and the results following its use are often simply astonishing. Weak, tired people regain strength and vigor; thinness and angularity give way to plumpness and curves; sleep returns to the sleepless; confidence and cheerfulness replace debility and gloom; dull eyes become bright, and pale, sunken cheeks regain the pink glow of health. Bitro-Phosphate is the only one of its kind, also wonderfully promotes the assimilation of food, so much so that many people report marked gains in weight in a few weeks. It is sold in Tampa by King's Drug Store and other good druggists.

CAUTION—Although Bitro-Phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, it should not, owing to its remarkable flesh-gaining properties, be used by anyone who does not desire to put on flesh.

SECOND CHURCH OF CHRIST, SCIENTIST

Announces a

FREE LECTURE ON CHRISTIAN SCIENCE

BY JOHN RANDALL DUNN, C. S.

Member of The Board of Lectureship of The Mother Church, The First Church of Christ, Scientist in Boston, Massachusetts

Thursday, February 13, 1919, 8:00 p. m.

AT THE TAMPA BAY CASINO

And cordially invites the public to be present.
