Happy Mothers Prepare in Advance
A Wonderful Influence For Expectant Mothers.

Mothers for over half a century have used with the utmost regularity the famous preparation, **Mother's Friend**, before the arrival of baby. Here is a truly wonderful penetrative application to the abdomen and breasts. It softens and makes elastic the muscles, rendering them pliant to readily yield to nature's demand for expansion, by its use the anxious months of pregnancy are made comfortable. The usual wrenching strains, bending-down and stretching pains are counteracted. The system is prepared for the coming event, and the use of Mother's Friend brings restful nights and happy satisfaction for the nerves are not drawn upon with the usual strain.

By its regular application the muscles expand easily when baby arrives; the time lost at the crisis and naturally the pain and danger is less.

Mother's Friend is on sale at every drug store. It is for external use only, is absolutely safe and wonderfully effective.

Write the **Brookline Dispensary**, Dept. C, Lamar Building, Atlanta, Georgia, for their interesting Motherhood Book, free to those who will send for it. Obtain a bottle of Mother's Friend from the drug store and begin this grateful treatment.

BEWARE OF THE SPIRIT OF HATE IN THE WORLD
ITS ESSENCE IS PRUSSIAN, UNCHRISTIAN
God Hates Sin More Than He Pities Suffering, Declares Tampa Minister

BY REV. C. W. DUKE,
For Tampa Ministers' Association.

Dr. W. M. Clow speaks of "the dark line in God's face." There is suggestion in the thought, and at this time when all the world is afloat with war and pestilence seems to pervade the country, it comes to us with peculiar impressiveness. That there is a dark line in God's face would attempt to deny, five years ago a family of apostates of Christ was that indicated by Mark when he speaks of Him as moved with compassion for the multitude as He viewed them as sheep without a shepherd; but today we are thinking of the severity as well as of the goodness of God.

The Bible does not fail to invite attention to the dark line in God's face, Adam and Eve saw it when because of their sin they were driven from the garden of Eden. Noah saw it when he was commanded to build an ark for the saving of a remnant of people from destruction by a world-flood; Abram saw it when he witnessed the destruction of Sodom and Gomorrah by fire from heaven; Moses saw it when successive plagues decimated the inhabitants of Egypt; and Jesus saw it when the sin of the nation was sent into captivity and exile. Jesus suggests the dark line in God's face when He says to the impotent man: "God will not do me a worse thing than this; and again, when weeping over Jerusalem He cries: "Your house is left unto you desolate."

Revelation from Nature.

Turn likewise to the revelation of God in the world about us. The dark line in His face. The same sun that warms and nurtures life burns and destroys; the same breeze that fans and refreshes the flowers, whistles and leaves destruction in its wake, the same laws of health that keep us alive when violated turn upon us with angry destruction.

Again, the dark line in God's face is visible when we turn the pages of history and read the convictions of the universal heart. The poets, who are the great theologians, are unanimous in the verdict that "there is a Divinity that shapes our ends, rough hew them as we will; the poet, who presents truth apart from fact, agrees with the poet that God does not suffer one sin to go unpunished; the physician also is quite convinced that disease and death are not accidental, but are the dark line in the face of a God of universal justice. The regular review of that which this world bears testimony to the persistency of the dark line in God's face; and in His parables of the fig tree, the fig tree, which is in its outer darkness, Jesus suggests that the dark line in God's face persists even in the world to come.

REVELATION OF HATE GROWS
I have tried to think of this terrible war as a war of ideals, represented on the one side by America and democracy, and on the other by Germany and autocracy. We have done well to investigate against German frightfulness. To be sure we all insist that the wicked shall be duly punished, and I have no objection to the war as a war of ideals, represented on the one side by America and democracy, and on the other by Germany and autocracy. Filtered Water is a Gay Deceiver

FOR years the process of filtering water has been used, and this process ordinarily clarifies the water and removes the larger impurities. When it is known that disease germs pass readily through even a stone filter, the danger is self-evident.

Ponce de Leon

Pure Distilled Water

Not only has been clarified, but every germ and impurity has been removed. Ponce DeLeon would have considered his search successful had he found a water as pure as ours.

RED CROSS NEWS OF THE WEEK FROM HEADQUARTERS
Mrs. S. L. Lowry Publicity Chairman

A cable from Paris announces that the wounded American soldiers will be the guests of the American Red Cross Thanksgiving afternoon in one of the largest theaters in the city. American soldiers who have been in the hospital for the matinee performance and special musical numbers that will appeal to the boys from the United States will be interpreted for the regular review. Before going to the theater the soldiers will partake of an old-fashioned American Thanksgiving dinner.

Gen. E. L. Munson, chief of morale branch, general staff, Washington, has communicated to all morale officers in camp instructions for men about to be discharged from the military service, the methods of procedure in all difficulties, such as pertain to legal matters, government insurance, how to proceed in regard to mortgages, information as to vocational training for disabled men, for government or private employment.

Demobilization has begun and it is imperatively necessary for the men to understand where they may turn for help and information in the new problems with which they will be confronted. Home service plans for the coming months and local home service sections will furnish all information on these important matters.

The Red Cross will issue immediately a pamphlet, similar in form to the publication entitled "Before You Go," which has made technical points plain to so many soldiers in the last few months. The new booklet is called "When You Return" and will cover the present needs in the same thorough and clear-cut manner.

RED CROSS CONFERENCE TO BE HELD
The Southern Division of the Red Cross will hold important conferences in each one of the five states throughout the district. The conference has for its object the Christmas roll call which means that during the week of December 16th to 23rd the Red Cross hope to visit every adult person in the division as a member of the organization. It has been planned that this will be accomplished by the spoken rather than the written word; hence a special roll call committee has been appointed in each Red Cross chapter, and the officers of this committee are particularly urged to attend the conference which is held for their help, instruction and inspiration.

It must be remembered that this is not a drive for funds it is an opportunity for every person in the five states which compose the Southern Division to become affiliated with the Red Cross and thus to have a part in the significant task of reconstruction which confronts the Red Cross overseas, and also to lend a helping hand in continuing the work of the Red Cross for the soldiers and sailors in this country and overseas. No less than 750,000 men took part in the last great offensive before the armistice was signed; this means a vast percentage of wounded and permanently disabled men. The Red Cross seeks to give the people of the country a chance to help in showing these men and every other man in the fighting forces abroad, as well as in the army camps at home that their wonderful work has been fully appreciated.

The Red Cross has not participated to the extent of a single penny of money in any recent drive or campaign for funds. The Christmas roll call means that the Red Cross wants the co-operation and indorsement of every person in the United States. The conference will be held in Florida at Jacksonville, November 25. From division headquarters there will be present Guy D. Snavely, assistant manager; Willis J. Milner, director of roll call; Herbert V. Carson, director of speakers, and Miss Caroline Cobb, director of the pageant. The chairman of the roll call of every chapter in Florida is urged to be present with his publicity and speakers' chairman.

FARMERS BORROWED \$139,578.00 FROM THE GOV'T ON FARMS
WASHINGTON, Nov. 25.—Farmers have borrowed \$139,578,000 from the twelve Federal farm loan banks since their organization in March, 1917. In reporting this today the farm loan board announced that capital stock of the banks, originally subscribed mainly by the government, has increased from \$5,000,000 to \$15,975,000 through additional subscriptions by farm loan associations.

HUNGARIANS APPOINT WOMAN AMBASSADOR
BERNE, Switz., Nov. 25.—The first woman to be appointed an ambassador has been nominated by the Hungarian government for the post in Switzerland. She is the Hungarian writer and pacifist, Rosika Schwimmer, who now resides in Switzerland. Madama Schwimmer has accepted the nomination and will enter upon her duties shortly at Bern.

Mrs. Rosika Schwimmer is president of the Hungarian Women's Suffrage Association. She has been credited with being the originator of the Ford peace ship idea and was one of the prominent figures of that peace mission.
