CRAZY! BOUGHT! GOING! GONE! That is what a Miami broker called me when I showed him the lots I was selling at \$1,000. They are just a block from one of the finest golf courses in Southeast Florida, will have paved 80-foot streets, cement sidewalks, etc., are closer to the ocean than Miami's Post Office. Yes, he bought one for himself and three for his clients, and he said to me, "with the big boom that is coming out here at Fulford and Ojus, these lots will bring \$3,000 apiece this season." They are going so fast we will soon have to put the regular price on them, and they will be cheap at that. Remember that we bought 103 and will sell 90; your choice, the others we keep to make the profits on. Are the chances to clean up on the booms that have come in other sections. ACT QUICK! Drive out to our office on the Dixie Highway in Fulford, get in on the ground floor of one of the biggest booms that have happened in the Miami territory. A boom that is backed by two sturdy communities, the Dixie Highway, and the heart of millions of dollars of high class developments. L. P. ZIMMERMAN, Manager. ZIMMERMAN REALTY CO.
