Florida and Georgia Officials Confer On Atlantic-Inland Barge Route. [HERALD SERVICE]

FERNANDINA, Feb. 13.—Capt. Wesley Robinson, president of the St Marys, Ga., chamber of commerce and member of the Georgia state canal ommission, attended a conference at Fernandina last week with Commissioner E. W. Bailey and Secretary F. R. S. Phillips of the Florida state canal commission, concerning important work in behalf of the proposed Atlantic-Mississippi barge canal, from Cumberland sound by way of the St. Marya river and St. George's round to the Mississiphi blogs at New York sound to the Missipsippi river at New Orleans. While no details of the

orienns. While no details of the conference were given out for publication, it is understood, that the meeting was very satisfactory.

Captain Robinson was appointed on the Georgia state canal commission by Gov. Thomas W. Hardwick two years ago and has just been re-appointed by Gov. Clifford Walker. years ago and has just been re-appointed by Gov. Clifford Walker. The Georgia commission is co-oper-ating with the Florida state canal commission, but permitting the Flor-ida commission to take the lead in this important matter, to avoid du-

this important matter, to avoid du-plication or confusion.

The governors of Florida and Georgia are ex-officio members of the commissions that were created in 1921 to act as the states agencies through which to get the survey and construction of the Atlantic-Missis-simi barge canal. sippi barge canal. ONGRESSMAN R. A. GREEN of

the second Florida district has inroduced the bill for the survey ions, and this measure will have the trong support of the Atlantic Deeper vaterways Association, the Mississippi. Valley Association and other organizations of national scope interested in making the inland water-ways of the United States efficient for both domestic and foreign com-

This project will be the link to onnect the Atlantic intra-coastal vaterways at Cumberland sound with he Mississippi river, the great indus-rial canal at New Orleans being the trial canal at New Orleans being the western section of the Atlantic-Mississippi barge canal. The route is now open from Mobile bay west to New Orleans, up the Mississippi river to St. Louis and up the Ohio river to Pittsburgh.

With this canal constructed, it is possible out the out the possible of the possible out.

pointed out, there will be no neces-sity for future freight embargoes, as barges from New Orleans and interior barges from New Orleans and Interior points can reach Miami and Fort Myers or New York and Boston.

Progress to date has been very encouraging, according to members of the commission, and the project is being strongly backed by the states of Florida and Georgia. St. Marys of Florida and Georgia. St. Marys and Fernandina are leaving nothing undone to insure its success.

### TEXT BOOK SURVEY MADE BY CAWTHON

Effort Is Made To Learn Needs of State.

TALLAHASSE, Fla., Feb. 13—(R)—Superintendent of Public Instruction W. S. Cawthon is now engaged in estimating the number of free text books which should be furnished in Florida public schools at the next term, and the probable cost, and these figures will be placed before the board of Commissioners of State Institutions at an early date.

of Commissioners of State Institutions at an early date.

If the Board passes favorably upon
Mr. Cawthon's estimates the latter
will be presented the publishers and
if finally agreed apon, supplemental
contracts to those now in effect for
the purchase of school books in the
state, will be entered into.

There is a strong probability, Mr.
Cawthon said, that only some of the
books for each grade will be furnished
free by the state, because of the lim-

ree by the state, because of the lim-ted funds in the treasury for that The most essential studies wil work. The most essential studies will be chosen, such as reading, arithmetic geography, history, and the other indispensable parts of the curriculum. In that way, it was explained, the board will make the \$400,000 on hand effective.

### RE-DISTRICTING IS ASKED.

Effort Is Made To Redivide Polk County Sections. A

perity will carry on for years to come but agriculture must attain the same magnitude that industry, commerce and resort development does.

REALIZING that the agricultural possibilities of the state have just been touched, the confidence that Florida has in the future can easily be understood.

"In the American standard of living, in the cities, housewives, buyers for hotels and others never select canned vegetables and fruits as a matter of choice. They all insist on fresh produce, even at much higher prices, when they are obtainable. Florida's nearest to markets and carly crops meet this demand and it is met at a time when prices are at their next meeting. At this sum of the subject of considerable same amount of funds the fields and sports program for proceeding speech the subject of considerable sheet at a time when prices are at their next meeting. At this time two districts comprise more than 150 square miles, one district has a litile over 200 square miles, a fourth district has more than 150 square miles, while the fifth district has but 72 square miles. At the same amount of funds fresh produce, even at much higher prices, when they are obtainable. Florida's nearest to markets and carly crops meet this demand and it is met at a time when prices are at their next meeting. One district has a litile over 200 square miles, a fourth district has more than 150 square miles, while the fifth district has but 72 square miles. At the same amount of funds from the prices, when they are obtainable. Chamber of Commerce will present on City Island throughout the week, beginning Monday, Pebruary 15, the intention of a studion has been the subject of considerable specific prices. It has even been quoted the matter will be approved in petition by the taxpayers in time for action by the county commission.

FROSTPROOF, Fla., Feb. 13.—A movement has been inaugurated to redistrict some price in petition by the county, and it is be-incention.

FROSTPROOF, Fla., Feb. 13.—A movement has been inaugurated to redistrict some red

ST. PETERSBURG, Fla., Feb. 12 (47) Under its present status the local company of the national guard will be removed to Miami unless enlistments have reached 65 by Feb. 12, next, according to Capt. Cramer B. Potter. Many have signified their intention of serving with the company, it was said, and an appeal has been sent to the adjutant general asking that the time for completing the minimum enlistments be extended. Should the company remain here, it was stated, plans are under way for them that long desired opportunity for success."

It is estimated by Mr. Gress that in the next five years Florida will be able to ship to Northern markets fully \$500,000,000 worth of produce yearly.

CONVENTION IS OUTLINED Automobile Association, with such stars as Tommy Milton, Pete de Paola and Ralph de Palma, competing for plans have been made for the 1926 conference of naval stores operators, distributors; land and timber owners, to be held at the St. Charles Hotel, New Orleans, March 1-3, and it is indicated that the most comprehensive TAVARES, Fla., Feb. 13.—Through

been sent to the adjutant general asking that the time for completing the minimum enlistments be extended. Should the company remain here, it was stated, plans are under way for the erection of a new armory with suitable headquarters for the largest purses yet offered for races on the world's most famous beach.

TILE PLANT TO BE MOVED

TAVARES, Fla., Feb. 13.—Through

TITUSVILLE, Fla., Feb. 13.—Rapid strides were made last week on the new theater building being erected on Main street by the Indian River Theatrical Enterprises. With the ar-Theatrical Enterprises. With the arrival of a boatload of material from Jacksonville, the contractors expect to finish the work on the \$250,000 structure by the first of March. The steel supports for the roof were swung into place last week and the building will be roofed within a few days. Between 25 and 30 men are being employed and the work is being rushed. A second boatload of material and equipment now is on the way to Titusville.

HEALTH OFFICER NAMED. porarily and the council made it per-manent. The council also set the
