Orlando to Have Another Marmalade Factory—Goodwin to Join Gillett Interests

ORLANDO, March 29.—(Special)—One of the largest recent real estate deals was the one of Tuesday, March 25, when M. H. Dadd, of Atlanta, Ga., bought the piece of property lying on the shores of Lake Carlton. This property consists of a large acreage, and the price mentioned in the transfer was \$40,000.

President Duckworth of the board of trade, announced at the committee appointed to consider the proposed \$200,000 bond issue the following gentlemen: V. W. Estes, C. B. Robinson and Judge T. P. Warlow.

Orlando is to have another marmalade factory. The information was given out Wednesday, by Joseph T. Trombetta of the Standard Growers' Exchange. A site has already been secured and it is understood that the plant will be in operation within a week.

C. G. Westcott has purchased of V. W. Estes the five choice lots on E. Robinson avenue and Cathart street, overlooking a frontage on Robinson avenue of 250 feet and an 140 feet deep. Mr. Westcott will erect a residence on this property.

Mrs. Clara Hand has purchased the handsome home property of Carl Damm, which is located on North Orange avenue and Concord avenue. This is a valuable piece of property, with a frontage on Orange avenue of 100 feet and a depth of 150 feet. The house is being sold completely furnished.

Mr. and Mrs. A. N. Goodwin will leave Orlando April 5 to take up their residence in Tampa, where Mr. Goodwin becomes manager of the land and insurance department of the Peckay, purveyor and other Gillett interests. Mr. Goodwin has been office manager for the Overstreet Cigar company for the past six years. The many friends of Mr. and Mrs. A. N. Goodwin are indeed sorry to lose them as they have been interested in many phases of social and public life.

The choice block on Robinson avenue, overlooking Lake Role, and owned by W. J. Pihan, was sold March 27 to E. B. Pihan, Jr. for \$25,000. Mrs. Pihan, the purchaser price being \$20,000.

**BALES COTTON, \$18,000**

GROVELAND, March 29.—(Special)—The Bank of Groveland today sold ninety-seven bales of cotton, the proceeds being held in storage at Jacksonville to a Savannah, Ga., firm for \$18,000. Last fall the bank advanced to the growers a certain percentage of the then prevailing market price. The growers agreeing to allow the bank to hold the cotton in trust for a better price. The sale today proving their wisdom.

**BREAKS LEG IN CAVE-IN**

CHRYMONY, March 29.—(Special)—C. L. Kindred, jr., while working in the play pit near the school house, caught by a cave-in and had his right limb broken. But for the timely arrival of Dr. Rogers of Groveland and Dr. Smith and Woodard, who are spending the winter here, attended him.

up your toe with "contraptions" and plasters as though you were packing a glass vase for parcel post? Ever use greasy ointments that rub off on your stockings? Ever use sticky tape that gets jerked off when you pull your stockings off? Kind o' foolish, when 2 or 3 drops of "Gets-It" on any corn or callus gives it a quick, painless, peaceful, death. Don't fuss and sweat and suffer? "Gets-It" stops corn pains, it lets you work, smile and dance, even with corns. Pinellas Wins Lawsuit in the Supreme Court—Horsehoe Turney Winners' Medals

ST. PETERSBURG, March 29.—(Special)—Improvements to cost \$100,000 will be made this summer by W. D. McAadoo at the beach near his new resort. St. Petersburg beach. Mr. McAadoo will go before the county commission at its next meeting and ask for a franchise to build a bridge across Boca Colga bay and for a trolley line from Davista to Pass-a-Grille. Mr. McAadoo will build a bridge on the route of the original project, the St. Petersburg and Gulf company, and if he meets with proper encouragement from the citizens of Pass-a-Grille a trolley line will be run to the town. The bridge will be approximately two miles long going across the bay at Dead Man's key a little south of the present automobile bridge built by Mr. McAadoo. The trolley line would be about seven miles long from the mainland to Pass-a-Grille. Mr. McAadoo proposed to run his cars in connection with the cars of the local street railway; that is cars from the city proper would connect with the cars to the island and the new line on the island may be turned over to the local company if satisfactory arrangements can be made. Mr. McAadoo spent \$100,000 in the purchase of the beach and his work this summer will have considerable effect on business conditions here during the off-season. The local citizens are not too difficultly getting the franchise desired from the county.

Efforts are being made by leading citizens here to get Billy Sunday to come to St. Petersburg for the meeting in Tampa for a meeting of a week or ten days here and there is believed to be a fair chance of success. Homer Roddeheaver is "pulling" for St. Petersburg and Mr. Sunday was much interested in the big crowd that gathered for his meeting here last Sunday so it thought there is some likelihood of his coming here especially as the meeting in Jacksonville is not likely to be held.

Pinellas Wins Lawsuit

Pinellas county has just won a very important legal victory. The supreme court has denied the appeal of I. F. Jones who sought to recover from the county for material furnished and work done under a contract with a former county commissioner to erect a new jail at Clearwater. He lost his case in the circuit court. Judge C. H. B. Smith held the letting of the contract was illegal. This opinion is now sustained by the higher court and it is believed to settle similar questions raised by Architect Higgins and the Bank of Lakeland. The case involved contracts made in 1912 when the commissioners endeavored to build a new jail at Clearwater at a cost of \$135,000. Under the decision just handed down, the contracts are all declared invalid.

Medals offered by the board of trade for winners in the national horsehoe pitching contests staged in Williamsport were presented to the winners, two of the champions getting their medals here and the third in his home in the north. Frank Brust, of Columbus, Pa., won the first prize, gold medal at set with diamonds. Dr. Frank Robinson, of Poughkeepsie, N. Y., won the second prize, silver medal. The third prize, a bronze medal, has been mailed to Hugh E. Palmer, of Columbus, O., who returned home soon after the tournament.

D. Oliver Morton, a winter resident of Pass-a-Grille, was found dead in a swing at a home in the island city Thursday afternoon and as no doctor had attended him Magistrate R. R. Carter was called to the island to make an examination. The death certificate filed today found death was due to a hemorrhage due to tuberculosis, and the body was brought here and prepared for burial by S. D. Harris undertaker.

J. Elwood Cox was awarded the prize offered by C. M. Roser for the best kept lawn in Roser park, the contest ending Friday. He won a cup and \$10 in cash. Other prize winners were L. C. Brown, \$50; C. S. Hunt, \$20, and Homer Damm, \$10. The judges were E. A. Kellers, Knoxville and C. E. Blanc and L. A. Whitney, of this city.

St. Petersburg schools are to open at 9 o'clock Monday. The change being effective next Monday. The hour fixed is a compromise as many parents joined in asking that the opening hour be fixed at 9 o'clock. This would correspond to the same time as has been in effect all winter. The pupils will get out of school a little later, by the book but actually much earlier by the sun.

W. H. Jones sold for A. G. Patterson, of Chesterfield, O., to R. C. Porterfield, of St. Petersburg, Fla., a residence and two lots at Fourth street and Tenth avenue north for \$2,700 cash. Mr. Porterfield is a winter visitor here and expects to make this his home for a part of each year.

**TAINES CITY CHAMBER OF COMMERCE AT WORK ON IMPROVEMENT PLAN**

HAINES CITY, March 29.—(Special)—The meeting of the chamber of commerce Tuesday evening was well attended and several projects were started for the city betterment of the town. The improvement and beautification of the main street and street leading from the bath house and remodeling of the building, the planting of trees along the highway and principal streets were taken up and committees appointed and arrangements made to begin work at once. Work for the advertising and railroad commission was discussed and busy time is ahead for them. Much is expected of this body and with the zeal and interest manifested by its members much is accomplished.

The Florida Fruit Products Company has again begun the bottling of grapefruit juice. They have been making jet fruit juice for several years and their products, but until now have been unable to get the proper degree of clarification of the grapefruit juice for commercial purposes. This plant is one of the largest and best equipped of its kind and when running at capacity will be of great benefit to the fruit growers as well as to the town.

Building of residences which has been curbed by the lack of labor and materials for the past six months has been resumed. Four modern bungalows are now under construction and others are planned for building as soon as the workmen can get at them.

The handling of the citrus crop in this section is progressing nicely. And the force of labor is working at a busy time in the Citrus Exchange is handling 95 percent of the crop and the capacity of the plant is being tested to the limit. Opened Fire on Sheriff Collins Near Okeechobee, But Sheriff Proves Best Shot

OKEECHOBEE, March 29.—(Special)—Sheriff William Collins shot and killed George Wilson, a negro ex-convict, after the negro had fired six shots at the sheriff, last night about 10 p. m.

The sheriff suspected the negro of planning a trip to Fort Pierce with a load of contraband booze, and drove out about six miles to wait and watch. The negro drove up behind the sheriff's car which was standing in the road, and as soon as he found he was discovered, he commenced firing. The sheriff returned the fire without effect until the negro got out of his car, and the sheriff had the presence of mind to hold his flashlight at arm's length to one side, while he threw the light on the negro and finished him while the negro never touched the sheriff, probably aiming at the flashlight.

When the negro fell sheriff Collins secured his pistol and got help to bring him and his auto load of wet goods into town. The load consisted of fifty quarts of sealed goods and six gallons of moonshine.

Wilson had recently served on the chain-gang for "bird-tigering" and had been warned not to come back into the county, as there were other cases pending against him here. After his release from the gang George enlisted the sympathy of prominent people who appealed to the officials to permit the negro to return to his home and his family on promise of good behavior. Sheriff Collins and other officials interested themselves in allowing him to return on that condition, but he was soon suspected of being at his old tricks.

Sheriff Collins is an efficient officer and has been active in enforcing the laws. He has received two anonymous letters threatening his life unless he let up on whiskey raids. He has five credit stills in his office as the result of his activity.
