

### PACKAGE MYSTIFIES STATE COMPTROLLER

Two \$1 Bills Wrapped Around Paper Bear the Marking "\$1,500."

TALLAHASSEE, Fla., June 30.—Ernest Amos, state comptroller, is mystified over a package he received a few days ago from Cincinnati, which it was claimed by the sender when he delivered it to the express company contained \$1,500. Upon receipt here, however, the package was found when it was opened to contain two one dollar bills pinned between which were a number of sheets or strips of paper to give the package the appearance of being a bulky stack of Uncle Sam's greenbacks.

Mr. Amos is inclined to believe that the package was sent him in an attempt to "frame" him in some way, or else to try to lay the foundation for an "alibi" for some one else. He has so advised the S. A. S., who gave the name of G. H. Carey, in a letter which reads:

"On return to the office on the 21st instant after an absence of a week in Raleigh, N. C., and Baltimore, I found that during my absence a package had been received at the comptroller's office through the American Express from you as indicated by the address on the package. The statement on the outside, would indicate that \$1,500 had been enclosed. From the sworn statements of those opening the package and from its appearance, it contained only two one dollar bills fastened together by threads with several slips of paper between them as will appear from copies of affidavits herewith enclosed.

"Not being acquainted with you, nor ever having had any official or personal dealings with you nor the interests you dubiously represent, I am satisfied this is either a deliberate attempt to 'frame' me or an effort to lay the foundation for a poor 'alibi' for other packages of money that may have been sent to others in this state. I want to say that I resent this affront to your part and the interests with which you are

### "This Is Wonderful MILK"

Is an expression that one hears at our shops, repeatedly among the buyers there. And, to think that this milk is served at 10 cents, 10c pint (with oats) and 20c quart.

Besides the thousands who drink their milk at our shops, hundreds more take the milk, cream, buttermilk, butter and eggs home with them.

#### Wholesale and Retail Deliveries

G. B. Adams (Jr.) has started a retail delivery. Altho it is worth 50 a quart to deliver, he is selling for 12c pint and 20c quart. Buttermilk 20c quart, cream 15c, 25c and 35c pint. There is no better milk produced in Dade County than our deliveries will furnish to you. Why pay more?

#### They Like Our Milk

A certain man has supplied one of our most famous hotels with fruit for 17 years. We have been furnishing this same hotel with milk for two years. This man said to one of our men, "They sure do like your milk over at that hotel. Occasionally they would give me a drink of milk when I was unloading fruit. I could always tell your milk from any other. It always had a more wholesome flavor and a richer taste."

## Telephone Construction Program for This Year

THE construction program of the Telephone Company for this year calls for an expenditure of \$600,000.00 for new plant. This is double the total investment of the Telephone Company five years ago.

Among the major projects included in this year are:

New underground conduit and cables on Northeast Second Avenue.

New cable from Miami to Little River, with necessary branch lines to provide service generally in the Lemon City—Little River district.

New overhead cables in the western part of the city as far west as Twenty-second Avenue.

Additional cable plant in the Southside area, including Hollan Park and extending south to Osceola Road.

A complete new exchange in Coral Gables.

A part of this work is already completed, and service is being furnished generally in the Riverside area east of Seventeenth Avenue. The remainder of that area will be fully cared for in about sixty days.

With the continued co-operation of our patrons, telephone facilities ample to meet all reasonable needs will soon be available.

Our service is efficient.

# Don't Forget the Wonder Values in Lots at OKEECHOBEE WONDER CITY IN THE MAKING

## Big Sale Begins July 4th. Prices Advance 25% July 5th.

Every man and woman in Florida knows what happened and knows the mammoth fortunes that were made—almsd at over night—when Palm Beach, Key West and Miami were developed. Another such epoch-making opportunity is here now, with the glorious day of celebration to be held at Okeechobee on July 4th to mark the formal opening of the magnificent Conners Highway, the great road to profits for those who are wise enough to realize all that this splendid development will mean to the entire part of Florida it traverses and serves.

On that day—July 4th—Mr. Conners will sell lots at Okeechobee at prices 25% below what they will be sold for on the VERY NEXT DAY and thereafter. This is purely by way of a one-day, one-time-and-never-again celebration for the citizens of the surrounding communities. The Conners Highway, by uniting Tampa and Palm Beach, will bring untold amounts of merchandise and countless thousands of people Okeechobee-bound.

Make Independence Day your day of Independence from future worries. You can do so by buying lots on July 4th. Inspect maps at Mr. Conners' West Palm Beach or Okeechobee offices.
