New Hay Rates From Midwest Announced

LAKELAND, Aug. 10,-(Special.)-Manager T. C. Elliott of the Interior Florida Traffic bureau today was advised by the interstate commerce commission that they shipped from the midwest to Florida points had been give a ninth class rating of \$13 a ton as, for instance, from Fort Wayne,

Ind., to Lakeland. The rating will increase the present charge \$1.40 the ton but it is \$2.00 less than the carriers had published as effective April 30, and \$3 less than rates in effect prior to Jan 15, 1928, when the charge was \$16.80 that time the rate was reduced to \$11.60. April 30 the chrriers pub-

ished a rate of \$15,60, The Interior Traffic bureau was instrumental in getting the rate cut to \$11.60 and was a factor in preventing the rate of \$15.60 and in securing the adjusted rate of \$13 now ordered,
