**A NEW IDEA IN SELLING FURNITURE**

The furniture buyer today doesn't want cheap furniture at any price.

On the other hand he does not want to pay an excessive price for good furniture.

Not every store is in position to offer fine furniture at a price within the reach of the average man.

In some cases the expenses are too high. In some cases the quantities handled are too small.

We buy carload lots—for cash—and have the lowest possible selling cost.

As a result we are offering truly superior furniture at exceptional prices.

A new idea in selling furniture.
