

### DRANE OBTAINS WRIT ORDERING VOTE RECOUNT

#### Charges Irregularities In Primary Returns

BARTOW Aug. 4. — (Special).—Congressman Drane today obtained an order in circuit court here for a recount of votes cast in six Polk county precincts in the June 28 primary for him and J. Hardin Peterson, Lakeland, his opponent for the democratic congressional nomination. The questioned precincts are two in Lakeland and one each in Fort Meade, Lake Wales, Frostproof and Medulla.

Peterson polled 117 votes more than Drane according to the official returns in the primary. Attorneys for Drane explained the mandamus order, issued by Circuit Judge Taylor, was to ascertain the true vote and that if it were found the returns had been correctly counted the result would be accepted without contest.

#### Irregularities Charged

The petition for the writ, after reciting that official returns gave Drane 37,398 votes and Peterson 37,515 for the first district nomination, charged that irregularities and errors were permitted in the count by election clerks and inspectors in the six districts cited.

It charged that clerks and inspectors counted ballots improperly marked for Peterson while at the same time throwing out ballots improperly marked for Drane. In addition it was charged that in the Frostproof precinct the vote was not recorded in the official tally books as required by law, but instead the polls officials attempted to return the tally sheets made by themselves, without appending the required oath.

#### Says Outsider Helped

Another charge made was that in one Lakeland precinct a worker for Peterson, not an official in the precinct, was permitted to call the ballots although all the regularly appointed clerks and inspectors were present.

The petition sets forth that because of the alleged irregular methods employed in the count, a re-canvass will show a far greater number legally cast for Drane and fewer for Peterson than is indicated in the report to the county canvassing board.

The ballot boxes from the primary have been sealed and remain intact here, the petition sets forth.

The writ is directed to the Polk county canvassing board and the state canvassing board. The court set Aug. 13 as the date for conducting the recount.

Drane is represented by Ed R. Bentley, Lakeland, and Dickenson & Lake of Tampa.

#### ARRESTED IN ACCIDENT

G. W. Crawford, of Mulberry, was arrested by police here yesterday afternoon for driving an automobile while drunk as the result of an automobile accident at Twenty-second street and Fourth avenue. Crawford and Alonso Leto, 1137 Main street, driver of the other car, suffered minor cuts.

### WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks pink, don't swallow a lot of salts, sweet water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You have a thick, bad taste and your breath is foul. Skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get those two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, so that when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Beware of substitutes. 25c at all stores. © 1931 C. M. Co.

### Mrs. Weeks, 105, And Man, 101, Have Luncheon Together

ST. PETERSBURG, Aug. 4.—(A.P.).—Charlotte Eldredge had luncheon today with Martha Weeks. Charlotte is 101 years old and Mrs. Weeks observed her 105th anniversary today.

The couple, chaperoned by Evelyn Barton Rittenhouse, director of the Three Quarter Century club, went to a restaurant unannounced and few present guessed their ages totaled 206. Later they attended a movie.

Plans are being completed for Mr. Eldredge and Mrs. Weeks, who resides at Lithia, near Tampa, to represent St. Petersburg at the Chicago century of progress exposition next year.

"Grandma" Weeks, as she is known locally to hundreds, was up bright and early this morning, announcing she felt fit as a fiddle and enjoyed her usual after-breakfast pipeful of tobacco.

A friend called her on the telephone to congratulate her on her birthday anniversary. Mrs. Weeks later said it was the first time she had used a telephone in her life.

### U. S. PLANS FOR FLOOD CONTROL WORK OUTLINED

#### \$3,000,000 To Be Allocated for Okcechobee

WEST PALM BEACH, Aug. 4.—(Associated Press).—Plans of the war department to build 44 miles of levee and channels and construct other costly flood control works in Lake Okcechobee and the St. Lucie canal between now and the end of 1933 were revealed here today.

The schedule of work was outlined by Maj. B. J. Dunn, federal district engineer of Jacksonville, in a letter to County Engineer Jake Boyd. Boyd will incorporate the information in a report to Governor Carlton.

Major Dunn mentioned no appropriations for the work but published reports from Washington said the war department intended to allocate more than \$3,000,000 for the work next year, which sum would augment \$2,133,000 to finance the projects for the current year.

#### Schedule of Work

The schedule of work follows: Building of 12 miles of levee and navigation channel between Bacon point and the Miami canal in Lake Okcechobee, the work to begin about Aug. 15 and continue for 18 months. Building of 18 miles of levee and floodway channel in Lake Okcechobee between Moore Haven and Fish Eating creek, to begin Oct. 1 and last 20 months. Construction of four hurricane gates, to start Nov. 1 and last 20 months. Construction of five drainage culverts, to start Nov. 1 and last eight months. Building of 14 miles of levee and navigation channel between Bacon point and the St. Lucie canal, to begin Dec. 1 and last 18 months.

#### Benefit Corporation's Demurrer Is Overruled

JACKSONVILLE, Aug. 4.—(A.P.).—Circuit Judge W. T. Gray today overruled a demurrer of the Mutual Benefit corporation, Jacksonville, to charges by the state that the corporation is engaged in business in violation of its charter.

The state contends the corporation is doing a general life insurance and other like businesses for profit and asks that its charter be revoked.

The corporation argues that the state is improperly trying to apply to the cooperative assessment plan, organized without stock and for the sole benefit of its members, statutes relating to life insurance companies having stock and operating for profit.

The company was given until Aug. 20 to file its answer.

#### MOVE AGAINST REBELS

RIO DE JANEIRO, Aug. 4.—(A.P.).—Federal troops reported that they had moved against the rebels in southern Sao Paulo today. Communications have been crippled by firing along the northeastern front. The federals reported that after capturing the city of Apiahy they were harassing the rebels.

### HEARING FIXED FOR MONDAY IN CONVICT DEATH

#### Accused Guards To Have Preliminary

JACKSONVILLE, Aug. 4.—(Associated Press).—Authorities today set next Monday for a preliminary hearing for Capt. George Courson and Guard Solomon Higgenbotham, charged with first degree murder in the sweat box death of Arthur Mallefer, 19-year-old Westfield, N. J., convict.

Courson and Higgenbotham are at liberty under \$5000 bond each posted after Mallefer was found strangled to death in a sweat box with a chain fastened to his neck from the rafters and his feet in heavy wooden stocks.

Date for their trial has been set for Oct. 3. The death of Mallefer was investigated by the Duval county grand jury here. It indicted Courson and Higgenbotham and heard charges and denials from prisoners at the camp that they were treated cruelly.

#### Inquiry Is Made

After the grand jury's presentation, the board of commissioners of state institutions, under direction of Commissioner Mayo, began a general investigation of prison camp conditions in Florida. The inquiry was completed yesterday and Mayo said he would call the state board into session immediately to receive his report and recommendations.

The meeting was to have been held today but it was not called.

Numerous convicts, who appeared before the grand jury and at a habeas corpus hearing in which Courson and Higgenbotham were released on bond, have been summoned to testify in the case.

Courson and Higgenbotham contend that Mallefer committed suicide. The state, however, alleges the youth's death resulted from cruelty of the officials.

### Pinellas To Make 4 Mills Increase In Schools Levy

CLEARWATER, Aug. 4.—(Special).—The Pinellas county school board today informed members of the Taxpayers' league that a levy of 10 mills would be required on the general school tax for next year's operation. This is an increase of four mills over the present levy.

The tentative 10-mill budget estimates an expenditure of \$677,042 as against a total appropriation of \$773,000 for last year. Every discretionary item in the schedule has been cut, and teachers' salaries have been scaled down from 10 to 30 percent. The maximum salary for a classroom teacher will be about \$110, and most of the instructors will receive less than \$100. The minimum is \$74.

The 10-mill general levy on a valuation of about \$21,000,000 would produce an estimated revenue of \$195,971, on a basis of 90 percent collection. There also will be a 10-mill tax for each school district, which would bring in a like amount. The remainder of the anticipated revenue would be received from sources other than county taxation, the state appropriation being expected to supply \$230,500.

Dr. John T. Bowen, spokesman for the Taxpayers' league, argued against an increase in millage, saying the public expected a tax reduction of 30 to 50 percent. He suggested a term of eight months or less next year to keep down costs.

### Chicago Fire Causes \$6,000,000 Damage

CHICAGO, Aug. 4.—(A.P.).—Fire which caused damage estimated at \$6,000,000 was under control tonight after burning through four industrial blocks on Chicago's southwest side.

It was Chicago's largest conflagration in 30 years, fire officials said.

At the Omaha Packing company plant, most of which was destroyed, officials placed their damage at not less than \$5,000,000.

The flames started in the elevator of the Quincy Elevator company, consuming nearly 1,000,000 bushels of grain with a market value of more than \$600,000.

The fire spread to coal piles of the Consumers company and lumber at the plant of the W. B. Crane company. A large yacht was destroyed.

More than a dozen firemen and spectators were injured or overcome by smoke.

Destruction of the packing plant, a subsidiary of Swift & Co., will throw 1000 men out of work, officials said. Included in the loss were: 736,000 bushels of wheat, 96,000 bushels of corn and oats, 800 hogs, 68 cattle, 150 calves, 200 sheep, 8,000,000 pounds of ham and 3,000,000 pounds of lard.

### Pinellas To Continue Operating Largo Fair

CLEARWATER, Aug. 4.—(Special).—The county commission will continue to operate the annual Pinellas county fair at Largo and will not lease it to any promoting concern, it was said today. A Tarpon Springs firm offered to relieve the county of any expenses in connection with the fair and operate it with exhibits, mid-way and along the same schedule as in previous years.

Under the terms of an agreement under which the county took over the Largo fair grounds, Chairman E. H. Beckett of the county commission said, the county has no legal right to lease the grounds.

### Jury Selected for Forgery Trial in Almours, Inc., Case

JACKSONVILLE, Aug. 4.—(A.P.).—A jury was selected today to try Richard Gillman on charges of forgery for the alleged swindling of Almours Securities, Inc., Alfred I. Dupont concern here.

Selection of the jury followed denial of continuance motions offered by Gillman's counsel who contended that a material witness for the defense, Charles Hess, had not been found. Gillman said he knew nothing about forgeries of checks on Almours Securities, but believed he was handling liquor deals for Hess.

Subpoenas were issued for Hess but he was not at the address given by Gillman and the state contended that no such person existed.

Two other men, Dave Chadwick and Julius Chadwick, also were arrested in connection with the forgeries. They, with Gillman, were indicted by a federal grand jury on charges of misappropriation and embezzlement of bank funds in allegedly handling forged checks on Almours through the Florida National bank.

### SPEAKERS TALK ON BONUS AT MEETING HERE

#### Say Veterans Have Just Claim Against U. S.

Appeal of World War veterans for immediate payment of adjusted compensation claims was discussed by several speakers at a mass meeting at the Plant park band shell last night before an audience of several hundred persons.

Speakers were Dr. J. N. Hudson, Morris Givens, nominee for county solicitor, and Capt. G. St. C. Robinson, who was second in command of the Tampa veterans at Washington. They were introduced by W. Austin Bennett.

"It was not the bonus issue that was the primary cause of the march on Washington," said Dr. Hudson. "It was a principle, the principle of hunger. The veterans had as much right in the capital as the bankers or any other lobbyists."

He said the government, with a depleted treasury, could afford to finance the Reconstruction Finance Corporation but was financially unable to pay the veterans their just claims. He said the bonus is not a debt but an adjusted compensation promised the veterans by the government, and pleaded the justice of needy veterans asking for payment now.

#### Says Claim Is Just

Givens said the purpose of the bonus expeditionary force was not to intimidate the government but to ask for what was rightfully theirs. He spoke of politics as the science of government, corrupted by selfish office seekers.

Captain Robinson introduced nine men of the original force that went to the capital from Tampa, and Mrs. Carmen Klauick, of Washington, who helped the veterans and brought four of the Tampa men home. She spoke briefly.

Robinson told of the Tampa camp, at Third street and Pennsylvania avenue, northwest, of the visitors there, and especially of the visits of Police Chief Glassford and of Walter Waters, commander of the bonus forces. He said the Tampa men conducted themselves in a way as to deserve no criticism.

### Women at Clearwater To Remodel Clubhouse

CLEARWATER, Aug. 4.—(Special).—The building committee of the Woman's club today was receiving bids and making final preparations for starting the remodeling of its club headquarters at Osceola avenue and Seminole street. Committee members are Mrs. George B. Merrell, chairman; Mrs. Julius D. Dreher and Mrs. John U. Bird.

The present building is on a city-owned lot and was donated to the club by the Kiwanis club. Remodeling plans call for a sun parlor, extension overlooking Clearwater bay and the addition of kitchen, fireplace and chimney. The building will be completed in time for the opening of fall meetings next month.
