

EXCHANGE CLUB GIVES OUTING FOR MEMBERS

Okeechobee Organization Is Host to Large Party at Hardin Place.

OKEECHOBEE, Fla., July 27.—(Herald Service.)—The Exchange Club of Okeechobee was host Thursday afternoon to the families and friends of its members at a fish fry and outing held at the Hardin place on the lake front. Bathing and other amusements were enjoyed before the mid time meal was served. The evening was mainly of fish, crab and coffee. Afterward a burlesque pantomime was rendered by the young people which brought forth much merriment caused by the humor and comical performers. An enjoyable occasion was declared by all present.

Those enjoying the hospitality of the Exchange Club, including members, were: Mr. and Mrs. A. J. Freeman and daughters, Mrs. Goldberg and Ethel; Mr. and Mrs. J. B. Lovvorn, son and daughter, Charles and Beryl; Mr. and Mrs. B. A. Howard and daughter, Miss Fannie; Mr. and Mrs. S. McMillan and son, Kenneth; Mr. and Mrs. F. E. Mr. and Mrs. E. D. Starke and Mrs. J. B. Franklin, of St. St. Mary, were visitors on Tuesday.

Mrs. G. D. Mortimer, of Lake City, visited Okeechobee on Tuesday.

VERO DETOUR ON DIXIE ROAD TO BE DROPPED

New Highway in North St. Lucie County Will Be Opened.

FORT PIERCE, Fla., July 27.—(Herald Service.)—Detour through the north of St. Lucie county, a more or less necessary inconvenience for the last year and a half during the construction of a new road, will next week be a thing of the past and there will be a fine hard-surfaced highway extending entirely through the county from one end to the other.

The penetration surface on the Vero-Wabasso stretch of Dixie Highway will be completed this week, and will be open to traffic from Vero north to a point south of Sebastian, where the old highway leaves the old Dixie Highway. From that point on to Sebastian traffic will use the old highway, which is still in fairly good condition. This stretch of the new highway will be opened to traffic as soon as it is completed, which will be only a few more weeks. Only about three miles of concrete remain to be laid, and it is expected that this will be completed within another month.

The elimination of the detour will be a joy to motorists using the highway. When the work now under way is completed approximately 15 miles of fine highway will be provided. About half of the program was the remainder of concrete. These are state-federal projects.

Meanwhile, steady progress is being made on the \$150,000 highway bridge across the Sebastian river just north of Sebastian, and it will be ready for use in due time.

AT STUART

STUART, Fla., July 27.—(Herald Service.)—Sheriff J. R. Merritt in the vicinity, either white or colored, who desire information, instruction or other aid in filling their adjusted compensation applications may obtain same without charge from Attorney T. H. Gotzen, located in the post office building, who has been appointed compensation officer for the local American Legion, a postmaster who have not yet done so should make out and send in their application at once, as delay may prove detrimental to their interests.

John Michaelis has completed for Arthur Thornton a very attractive five-room bungalow on Osceola avenue. The permit gave the price as \$2,600, and it is located between East End and School streets.

Mrs. Oscar Johnson left for the North on last Friday and will spend several weeks with relatives at Geneva, Ohio, and other points.

Misses Margaret and Annie, of the company, which is building the Stuart Lake roads, have employed C. R. Baker, who will use several of his trucks on the job.

Robert A. Knight, who has been confined to the hospital at West Palm Beach from injuries resulting from an automobile accident on the highway, returned to Stuart Sunday. He is progressing nicely.

Charles Blacklock left last week for Bridgeport, Conn., where he will visit relatives.

Mr. and Mrs. H. D. Hally motored to Fort Pierce Thursday.

Miss Frances Turner and Paul Gray took in the boxing bouts at West Palm Beach Thursday.

K. Long; reading, "In Honor of Stephen Foster."

ST. LUCIE SHERIFF IS AFTER HUNTERS

Fort Pierce, July 27.—(Herald Service.)—Sheriff J. R. Merritt is determined to break up out-of-season killing of game in St. Lucie county, and this end has announced the offer of a \$50 reward for evidence leading to the arrest and conviction of any person killing quail, turkey or any other protected game out of season. In addition to this personal reward, the sheriff said that the state law gives half the fine imposed in such cases to the informer.

The activity of a few unscrupulous hunters in different parts of the county is said to threaten extermination of the game, of which there is now an abundance but which will be scarce by the opening of the hunting season. The untimely killing is not broken up.

The sheriff also stated that he proposed to deputize a number of dependable citizen in different parts of the county to assist him in protection of game and detection of out-of-season hunters.

He will be delivered on Odd Fellowship night in general, and another address of the work of the degree teams of that order.

KEY WEST I. O. O. F. PLANS GATHERING

KEY WEST, Fla., July 27.—(Herald Service.)—District Deputy Frank Hale has called arrangements for the district meeting of the three local Odd Fellows lodges to be held on Wednesday evening in Odd Fellows' hall, immediately after Equity Lodge No. 70, concludes its session at the first degree on a class of candidates.

At the district meeting an address

YOUNG FISHERMEN CONTRACTS AWARDED FOR SCHOOL BUSES

Brevard County Board Prepares for Transportation to and From Mims.

MIMS, Fla., July 27.—(Herald Service.)—Ed. Sharp of Mims has been awarded the contract by the Brevard County School Board to convey the school children from Southmere to Mims. Carl Battle of Titusville has the contract to convey the Aurantia children to the school, and the Mims high school pupils to Titusville. Both men have held these contracts for several years.

Several carloads of palmetto huds were shipped from the station last week to a factory to be used for making brushes. Brushes made of palmetto fiber are particularly durable.

T. Stanley has just shipped the third carload of large cabbage palms to S. M. Stevens in Lakeland, to be planted on his estate, "Greylocks." Mr. Stevens has been most successful in transplanting very large palm trees from his groves here to his Lakeland home. He has several hundred palms on his grounds.

Miss Helene Smith entertained a large company of her friends with a birthday party at her home Thursday evening. A beautifully decorated birthday cake and other kinds of delicacies were served. The party served throughout the evening, which was spent with music, games and contests. Among those present were: Mrs. W. J. Polson, Mrs. Tiny Pinder, Mr. and Mrs. Foster Smith, Mrs. Smith, Misses Lillian Kyzer, Annie C. Kaiser, Carlo Gerdes, Nina Stanley, Irene Drna, Eva Kyzer Louise and Quincy Thomas, Messrs. Iyden, Carl, Charles Smith, Bowen Andrews, Horace, Cecil and Paul Draa, Herbert Kierschner and the honoree's parents, Mr. and Mrs. Ed Sharp.

Smith was the recipient of a large number of pretty and useful gifts, and at a late hour her guests departed with best wishes for many more happy birthdays.

RUSSSELL IS APPOINTED TO FORT PIERCE OFFICE

Chairman of Republican Committee Becomes Acting Postmaster to Succeed Roden.

FORT PIERCE, Fla., July 27.—(Herald Service.)—W. C. Russell has been appointed acting postmaster at Fort Pierce to succeed Thomas Roden, effective at once.

Mr. Russell is a well known business man of the city and has lived here for a number of years. He is chairman of the St. Lucie county Republican committee and a member of the state central committee of the same party. His appointment is subject to ratification by the senate.

Mr. Roden was appointed postmaster some two years ago by late President Harding, with the endorsement of the county and state Republican machines.

An encouraging future for the port of Fort Pierce was pictured by J. M. Braxton, of Jacksonville, former assistant U. S. engineer for rivers and harbors, stationed in the Florida district, who is a visitor here for the latter part of the week.

Mr. Braxton was here on an inspection of causeway and port work under way. He is consulting engineer for the inlet and causeway projects. Both of these were found to be coming along at a good rate, with prospects of their completion within the next few months.

An encouraging future of governors of the chamber of commerce and the city commissioners, Mr. Braxton urged that plans be initiated now looking to the provision of freight-handling facilities, which he felt are sure to be needed as soon as 16 feet of water is provided. He pointed out that the types of the freight-handling facilities for each port are different, and that the only way to determine the needs of the local port is by a close study and an expert survey of the situation.

Mr. Braxton suggested that this place might easily become an important distributing center for this section of the interior of the state. Rail freight reduction would follow closely on the establishment of boat service here, he predicted, and the city would be saved a great sum of money on transportation costs. He expressed the opinion that there is available here now as much freight business as Miami had when that city obtained freight reductions because of water transportation facilities.

KEY LARGO REALTY ACTIVITY RESUMES

KEY WEST, Fla., July 27.—(Herald Service.)—Word was received here yesterday from Key Largo to the effect that there has been a revival of real estate activity on that key as a result of the signing of the contract and the filing of the bond by the Tidewater Construction Company, of Fort Lauderdale, for the construction of the bridge to Dade county and the beginning of work in that county from Florida City to the Dade approach to the bridge. It was said that Commissioner Redd, in charge of the latter work, has three forces employed in his efforts to hasten the construction of the road. There has been considerable discussion recently in the entire county over a proposition to extend the county road on Key Largo as far west as Long Key, and the county road at this end of the line as far east as Big Pine Key. Such improvements, it is declared, would result in the development of all of the keys over which the roads pass.

And any new scale will conform with contracts already underway. Meetings will be held twice a month on Fridays at the Woodman hall.

WABASSO SCHOOL PLANS BOND ISSUE

FORT PIERCE, July 27.—(Herald Service.)—A \$15,000 bond issue to finance construction of a new school building is planned by the patrons of the Wabasso school district, in the north end of St. Lucie county.

A petition requesting that a bond election thereon be called at an early date will be presented to the county board of public instruction at its next meeting. The board is favorable to the proposition and will proceed to call the election.

It is planned to build a three-story brick building to take the place of the present frame structure, which is inadequate to the needs of the school.

This is only another instance of the rapidity of the growth of St. Lucie county schools. A large high school building at Fort Pierce is now being built, immediately followed by an addition to the Vero school is contemplated, and now Wabasso is seeking a new building.

PYTHIAN SISTERS GIVE PRETTY LAWN PARTY

TITUSVILLE, Fla., July 27.—(Herald Service.)—The lawn fete given by the degree staff of Titusville Temple No. 22 Pythian Sisters, on the beautiful grounds of Mr. and Mrs. James J. Mitchell on Friday afternoon was quite a success, despite the inclemency of the weather. The plans were to continue the sale in the evening, but rain prevented their doing so. There were seven booths attractively arranged and decorated in the Sisters' colors. The proceeds are to be used to buy an American flag for use in the temple.

Officers of the staff are: Mrs. T. F. De Courcy, president; Mrs. C. J. Enright, vice president; Miss Leah Loeb, secretary and pianist; and Mrs. D. B. Pritchard, captain. Members of the staff include Misses Jettia Carlino, Flora and Kato Thompson, Bessie Giles, Dorothy and Evelyn Oskan, Eloise Coleman, Mesdames G. L. Mandaville, Rhea Love, John Boye, Helen Michel, Richard Conley, T. F. De Courcy, Dexter Morgan, Herbert Thompson and C. J. Enright.

STUART CARPENTERS REORGANIZE UNION

STUART, Fla., July 25.—(Herald Service.)—Reorganization of a Carpenters' Union Local has been accomplished in Stuart with 28 members signed up and a number of other applicants ready to join. At a meeting held a few nights ago, the officers were elected as follows: George Reddick, president; Martin Baer, vice president; John Madson, treasurer; John Michaelis, corresponding secretary; Burton Rahlby, recording secretary. Trustees were also elected.

Orestino and the council of Palm Beach Union were present at the meeting to assist with the organization. A new wage scale will be adopted in the near future. The present scale is six to seven dollars but is not uniform. The union officials have conferred with local contractors who are favorable to the movement

DE LONG IS BUILDING \$75,000 HOME IN CORAL GABLES

Sketch of the residence for C. W. De Long, general sales manager of Coral Gables, which is now under construction in the suburb. The house was designed by Architect H. George Plink, and will cost approximately \$75,000.

12-YEAR-OLD GIRL DIVES INTO OCEAN TO RESCUE DOG FROM WATERY GRAVE

Virginia McKillip, of Key West, Didn't Hesitate for One Moment When She Discovered "Teddy" Clinging to a Stringer in 26 Feet of Water and Whining for Help.

KEY WEST, Fla., July 27.—(Herald Service.)—Virginia McKillip, 12 years of age, saved her dog Teddy from drowning in water that was 26 feet deep and the current of which was running like a mill race.

Realizing that she did not have time even to remove her shoes, she plunged in after him, and, shooting to the surface, slipped her left arm about his neck and then struck out to find a place where she could clamber up on the shore.

Virginia is the daughter of Mr. and Mrs. William McKillip, whose residence is in the Acamarine Company's yard, adjoining the Porter Dock Company's wharf. Her parents left her at home to go fishing in the motor boat So Big, with Miss Minnie Porter Harris and Miss Jean Williams. Teddy followed Mr. and Mrs. McKillip to the wharf and, as it developed later, jumped overboard in an attempt to go with them. However, they were not aware of that, so Teddy, after struggling against the strong current, was swept under the wharf and clung to a stringer, with his forepaws over it.

Two hours or so later Virginia went to the wharf to see if the fishing party had returned or were returning. She had been there for a few moments when she heard a whimpering noise coming from under the wharf, but she did not pay any attention to it at first, for she had thought that Teddy had gone along in the So Big.

Not seeing the fishing party, she was about to return home, when, still hearing the whimpering, she decided to find out what was the cause of it. She was aware it was coming from a place where she could clamber up to the shore.

She recognized instantly the terrified response to her calls, which she changed to "Teddy, boy; come here, come here!"

Out from under the wharf Teddy swam, but he was so weak he could hardly keep his head above the surface. So that his muzzle would not get under the water, he stuck it up in an upright position. In the fall, Virginia is a capable swimmer, and she did not hesitate a moment about what course to pursue to save Teddy's life. Standing on the edge of the wharf, she shot into the air, with her arms stretched out in front of her and her head pointed downward.

The dive carried her well below the

ST. LUCIE TO EXAMINE TEACHERS AUGUST 21

County School Superintendent Asks All Applicants too Obtain Filing Blanks.

FORT PIERCE, Fla., July 27.—(Herald Service.)—Final examination for school teachers in St. Lucie county for this year will be held here August 21 to 23, according to announcement of County School Superintendent E. E. Smith. The examinations will be for all grades of certificates. Superintendent Smith says that those contemplating taking the examination should apply to him at once for the necessary filing blanks.

Three pretty two-story frame stucco dwellings are to be erected at once by the Holtsbergs. Preliminary work has already started and the building will be hurried along as rapidly as practicable in order that they may be ready for use the coming winter. Two will be located on Twelfth street and the other on Orange avenue between Thirteenth and Fourteenth.

Quite a number of other dwellings are going up about over the city and fully as many adjoining the city. There is nowhere near the number there should be, however, inasmuch as the demand for living accommodations, even through the summer season, is rapidly increasing.

George T. Tiplin, of Vero, has been appointed agricultural enumerator for St. Lucie county to take the agricultural and industrial census for the department of agriculture. He will begin the work at once. Mr. Tiplin took the same census two years ago and did a very thorough job of it.

A petition was in circulation in Fort Pierce Saturday requesting the state board of pardons not to grant a pardon to D. E. Griswold, alleged notorious confidence man who was brought back here last February from Gulfport to serve a six-year term in the state prison imposed on him here in 1918 after he had been convicted of swindling a winter visitor out of a large sum of money on an alleged fake horse race.

Griswold has given notice that he will apply for a pardon at a special meeting of the state board of pardons to be held shortly at Tallahassee. He has served less than six months of the six-year sentence. Quite a few signatures were being attached to the petition.

EAU GALLIE WOMEN WORK FOR BAZAAR

EAU GALLIE, Fla., July 27.—(Herald Service.)—The Methodist Ladies' Aid was delightfully entertained by Mrs. T. H. Howard at her home on Highland avenue Friday afternoon when many members were present to help with the work for the bazaar that has been planned for the American Legion in making delicious punch and cake at the close of the afternoon's work.

The new Groel building on Ninth street is rapidly nearing completion. The front is completed, ready for the plate glass windows, and the masons are busy stuccoing the front and the adjoining building which has been remodeled. This new building will be occupied by the Howard Hardware Company, who will move from their present quarters in the bank building. The adjoining building will be leased to Ralph Stewart, who will open an up-to-date restaurant as soon as alterations are completed.

KEY WEST LEGION MEN PLAN SHOW

KEY WEST, Fla., July 27.—(Herald Service.)—The Arthur Sawyer post of the American Legion is making arrangements for a dance, minstrel show and a cabaret to be given Wednesday evening, August 6. The money cleared at the affair will be used to defray the expenses of the delegate who will represent the post at the American Legion convention to be held in St. Paul, Minn., in the fall.

Rehearsals will be held this week by the entertainers, both in the cabaret and the minstrel show.
