A LIMITED NUMBER OF CHOICE LOTS AT \$10 to \$30 CASH —with a clear title and no more to pay

READ THIS DESCRIPTIVE MATTER

LOCATION:

12 miles northwest of the city of Okeechobee and Okeechobee Lake; 1/4 mile southeast of Haseenger.

The improved highway from Okeechobee to Sebring and Tampa passes directly through this tract. The highway from Haseenger to Fort Pierce runs the full length of the tract.

ELEVATION:

55 feet above sea level and among the highest land in this entire district. All of it is high and dry. Fine prairie, pasture land, cleared and ready for building.

PLATTED:

Carefully platted with wide streets and alleys and in lots none of which are smaller than 25x100 feet.

TITLE:

Title has been passed upon and certified by prominent local attorneys, and a clear warranty deed will be issued at once.

TERMS:

Terms are cash, and the full price which you pay now is the full price of the lot—you have no more payments to make.

A LIMITED NUMBER OF LOTS:

There are but a limited number of lots at these extremely low introductory figures. They will sell quickly and when they are gone you will pay many times as much for property of equal value here.

These are not cheap, waste lots, way out in the wilds or the swamps, but are really choice lots in a nicely platted subdivision, within just a few miles of Okeechobee City, the principal inland city of Florida; high, dry, cleared lots. One highway running directly through the subdivision and fronting on another—both main thoroughfares. If you could see the property you would not hesitate a single minute—at our office now you may see actual photographs clearly showing the character of the lands and the type of roads leading to and through them. Here you may see maps and plats and make an intelligent choice and selection.
