

OTEL PROPERTY SOLD

Southland Hotel at Okeechobee Purchased By Palm Beach Man.

KEECHOBEE, Fla., Nov. 23.—Okeechobee's newest and most modern hotel, the Southland, was sold recently by J. G. McNeill to L. A. Brown of Palm Beach, proprietor of the Palmis Hotel of that city and of another large hotel in the Blue Ridge mountains. The consideration was made public, but from reliable sources it was learned that it was approximately \$25,000.

The Southland Hotel contains 100 rooms, a grill and a large lobby. The first floor will be occupied by the A. Turner new barber shop, the Osteria Pharmacy, owned by L. I. Ingate, and other businesses. The number of commodes has been increased to 100, and the first floor rooms for a period of one year. The post office is also located in the hotel.

Mr. Brown will take immediate possession of the Southland and Edward Beck will manage the hotel when it is opened. He is here now looking after his interests.

The Southland will be formally opened Dec. 8. It is very nearly completed now, except for some outside work, and much of the new furniture now in the building.
